A Fresh & Clean managed washroom program is designed to give you peace of mind that your washroom will maintain the highest standards of cleanliness and hygiene [www.washroom.com.au](http://www.washroom.com.au)

Germs are big commuters

**FACT** They travel up to 10 metres at an average of 40 kmh when you sneeze.

**FACT** You can reduce their commute by maintaining good hygiene.

Clean your hands with soap and warm water or hand sanitizer to stop the spread of germs.
